1950 Farmall Super A - farm & garden - by owner - sale

Produced by International Harvester between 1951 and 1954, the Farmall Super C tractor was an upgrade to the previous Farmall C. The Super C model has a slightly larger engine, an increased compression ration and adjustable rear tires. Farmall Super Cs were good tractors for small farming operations and, due to their versatility, found use as light task machines on large farms.

The Specifications of a Farmall Super C | Our Pastimes

IH Farmall Tractors International Harvester (IH) began the decade of the 50s as the dominant tractor manufacturer in the world, and they continued to introduce new and better models through the '60s. But internal problems hurt their sales and IH slipped from number one in market share to number two behind John Deere by the end of the '60s.

International Harvester Farmall Tractors during the 1950s ...

The Farmall Super A tractor was produced by International Harvester between 1947 and 1954. The Super A models were general-purpose, durable tractors built for strength and versatility, making them well suited for small farming tasks.
