The prerequisite for a TD Sell Setup is a Bullish TD Price Flip, which indicates a switch from negative to positive momentum. TD Setup is an indicator that determines whether a market is likely to be confined to a trading range or starting a directional trend. TD Setup is to be followed by TD Countdown.

September 2, 2010. A rather thin book on different patters found in the bar chart (e.g. head and shoulder, triangles) using daily charts. This is classic territory, since the bar chart ruled the world before the candlesticks entered in the 90s. The patterns can naturally also be applied to candlesticks.
