College Physics Wilson Buffa Lou

The Wilson and Buffa text has Color photos of natural phenomenon and situations that illustrate the physics under discussion. There examples are intermixed throughout showing how to work problems involving the principles involved. I believe this book is an important part of a well rounded education. Physics is NOT an easy topic.

My used College Physics, Volume 1 (6th Edition) book arrived in good condition just as described. Its content however is decent only if you have a fair preexisting knowledge of physics and your professor does a good job of working through examples. I have had other textbooks where I could go home after class and figure something out easily.
