Uniflair

Uniflair Water Cooled Chillers. Water-cooled chillers for large water-cooled applications to be combined with remote dry-coolers, cooling towers, or remote condensers. The all-in-one integrated chilled water solution for data center cooling.

Cooling | Schneider Electric

The Uniflair Optimisation System allows the indoor cooling units to communicate with the free-cooling chillers and dynamically vary the chilled water set-point depending on the cooling demand. This keeps the chilled water set-point as high as possible to maximise COP and extend the periods in which free cooling is available.

Products - Uniflair

Aquaflair Chillers. Uniflair chillers designed for technical cooling applications in data centers, buildings, and industrial processes. All the units are all-in-one for easy design and installation.
